The Organizer's Speech

Dear Dignitaries, Exhibitors, Visitors and Guests:

United for Int'l Exhibitions & Conferences has the honor to cordially welcome you to the 18th Session of the second to none Syrian Medicare 2025 Event; bringing together the latest medical and pharmaceutical innovations as well as local and international experts, thus reflecting the new hope for a better future in Syria after its liberation.

Syrian Medicare 2025 is a declaration of a new era in the Syrian Health Sector. Together we build a modern integrated medical system that effectively contributes to the nation recovery and the well-being of its people.

This session features 62 local companies specialized in medical equipment and pharmaceutical industries; 31 companies representing 129 international brand names from 25 countries around the world. Added to that, it paves the way for great Turkish companies' presence through "MERKUR international fairs.

Not only Syrian Medicare 2025 Event, considering artificial intelligence that dominates the world, is a golden opportunity to exchange expertise and enhance collaboration between the public and private sector, but also provides job opportunities for all - thus supporting economic and social reconstruction. We work together to overcome challenges and turn them into achievements.

Finally, I extend my deepest gratitude to:

- His Excellency Dr. Mohammad Akram Maatouq, Department of Health Director;
- His Excellency Dr. Malek Al Atawi, Head of the Syrian Doctor Syndicate;
- His Excellency Dr. Nizar Al Madani, Head of the Damascus Branch of the Doctor Syndicate;
- All public hospital directors for their cooperation and participation;
- All Syrian Medicare 2025 supporting bodies;
- Our local and international partners as well as exhibitors - with special thanks to 'MERKUR' international fairs - for its efforts.

Ayman Shamma'a
General Manager

SYRIAN MEDICARE 2025

Prsteel began in 2015 in Kilis, Turkey, where it started manufacturing prosthetic and orthotic components using advanced technologies such as CNC machines. After years of development and improvement, the company officially launched in 2022.

Prsteel enjoys a strong reputation in the market and distributes its products to more than 20 countries worldwide. It is certified with ISO 13485, ISO 9001, and CE, reflecting its commitment to the highest quality standards. Its products are known for continuous innovation and high quality, helping individuals with limb loss regain their mobility and confidence.

Company Profile

The Syrian Association for Artificial Intelligence and Entrepreneurship (SAAIE) is the first official organization in Syria dedicated to advancing artificial intelligence, innovation, and entrepreneurial thinking across the country.

We believe that knowledge and hard work are the foundation of meaningful progress. Our mission is to empower Syrian talent students, researchers, developers, and business leaders to harness the power of AI and technology in rebuilding, modernizing, and elevating our society.

At SAAIE, we work to:

Promote AI education and digital literacy across universities and communities.

Support Syrian entrepreneurs in launching and scaling tech-driven startups.

Bridge the gap between research and real-world applications.

Foster local and international partnerships in science, industry, and policy.

In a world where technology defines global influence, we aim to position Syria as a contributor, not just a consumer. With vision, discipline, and collaboration, we strive to make Syria a hub of regional knowledge and innovation.

نبذة عن الشركة

تأسست بيتا فارما عام 2020 كمشروع دوائي طموح يسعى لإحداث أثر ملموس في القطاع الصحي من خلال توفير مستحضرات طبية موثوقة وعالية الجودة. بدأت الشركة نشاطها في شمال غرب سوريا، حيث رسّخت وجودها رغم التحديات، ومع تحسن الظروف، وسّعت نشاطها ليشمل مختلف المحافظات، تعزيزاً لدورها الوطني في دعم الرعاية الصحية.

التميز العلمي والدور المعرفي

يُعد المكتب العلمي ركيزة أساسية في استراتيجية بيتا فارما، حيث يضم فريقاً من الصيادلة والأطباء المتخصصين الذين يتولون إعداد المحتوى العلمي، وتنظيم الحملات التوعوية، والمشاركة في المؤتمرات، إضافة إلى تدريب الكوادر الصحية على المستحضرات الحديثة. كما يسهم المكتب بدور محوري في دعم البحث والتطوير، من خلال تحليل احتياجات السوق والمشاركة في تطوير مستحضرات مبتكرة، ما يعزز التكامل بين الجانب العلمي والتطبيقي، ويعزز الثقة المتبادلة مع المجتمع الطبي.

رؤيتنا ومجالات التخصص

تسعى بيتا فارما إلى أن تكون من رواد تقديم الحلول الدوائية الذكية والمستدامة في المنطقة، عبر التركيز على الابتكار والتوسع والاستثمار في البحث العلمي. وتشمل مجالات عملها: الأدوية الحيوية / الأدوية المخصصة / المضغوطات والكبسولات / الشرابات الجافة والسائلة / الكريمات والمراهم / الفials الجاف

الابتكار والبحث والتطوير

تولي الشركة اهتماماً كبيراً بالبحث والتطوير، وتعمل على تأسيس مراكز بحثية متخصصة تعتمد على التكنولوجيا الحيوية والذكاء الاصطناعي. كما تسعى إلى التعاون مع الجامعات والمؤسسات العلمية، والاستثمار في مشاريع تركز على تقنيات النانو لتعزيز فاعلية مستحضراتها.

نموذج يتحدى التقاليد بابتكاره والنزاهة الإنسانية، ومنذ تأسيسها، حققت الشركة إنجازات بارزة في مجال الرعاية الصحية، وتطمح إلى توسيع تأثيرها لتصبح اسماً عالمياً موثقاً في صناعة الدواء.
